BEVERIDGE HAD A VALET

Indiana Senator Was Victimized by His

Man Servant Washington, Jan. 28 .- Captain Boardman, chief of the detective bureau, rereived a telegram tonight from the chief of police of Cincinnati, aunouncing made and the formal transfer will take the arrest in that city of Moritz Affelder, a young Hebrew, well connected in Indianapplis, who is wanted for some heck transactions. Affelder, who was employed as valet for Senator Albert J. Beveridge of Indiana, is also wanted in Eppler & Childs at the corner of Prairis Washington for alleged forgery of Senator Beveridge's name to three checks. Affelder came here from his home, Peru, Ind., about two months ago in response to an advertisement of the Indiana senator for a valet. He was liked and had but on the details of that Mr. Davis the implicit confidence of his employer has not yet decided. until six weeks ago. One Sarurday night he went to a haberdashery and ought \$20 worth of goods, offering a check for \$100, bearing what purported to be Senator Beveridge's signature, in payment. He said the senator was going o New York and needed the money in

On the same evening Affelder visited drug store and, it is alleged, offered second check for \$50 there in payment for several dollars' worth of hair tonic and brushes. He also went to a china and glassware establishment, where he is alleged to have given another check for \$450 in payment for a \$47 purchase. The local police allege all three checks vere forgeries, that they purported to have been drawn by Senator Beveridge, that Affelder received the difference between their face value and the amount of his purchases, and then disappeared

with the goods. The matter was kept quiet, but the police sent requests to most of the large ities for aid in the search for the aleged fugitive. If the offense alleged to have been committed in Cincinnati is not as grave as the local charge the police will endeavor to have Affebier brought here for trial, otherwise they will allow the law to take its course in Ohio.

TWO VALUES.

HERE are two values to every purchase what it costs and what it pays you. Cork costs 8 cents a pound, but if you are drowning half a mile from shore, its value would

be "not what you pay for cork, but what cork saves you." When a woman buys soaps she often confuses the two values. She sees only what she pays. She overlooks what she receives. Now a single cake of Ivory Soap pays back from ten to twenty times its cost in the saving it effects. Test it yourself! Vegetable Oil Soap. Ivory white. It floats!
